

## Council on Technology Services

### PPEA Review Workgroup

#### Purpose

##### Mission

The Public/Private Educational Facilities and Infrastructure Act (PPEA) Review Workgroup of the Council on Technology Services (COTS) will be an advisory workgroup to the Chief Information Officer (CIO) of the Commonwealth and the PPEA Steering Committee. The Virginia Information Technologies Agency (VITA) received four PPEA proposals for significant improvements to information technology (IT) infrastructure and enterprise applications. With broad participation and input from across the Commonwealth, VITA has entered the Detailed Review Stage of the PPEA process, and anticipates receiving two infrastructure detailed proposals and two enterprise applications detailed proposals. The COTS PPEA Review Workgroup will provide input on the infrastructure PPEA proposals in spring 2005.

##### Planned Deliverables

The PPEA Review Workgroup will review and comment on infrastructure PPEA proposals and provide input to the CIO and the PPEA Steering Committee as part of the overall PPEA review process. VITA anticipates receiving detailed proposals in spring 2005.
